

FIELD SERVICES

FIELD SERVICES

Affirm's Field Services offers a wide range of roustabout services, providing the expertise and manpower to get your well online in a safe cost-effective and efficient way. We equip our field personnel with the most advanced tools and equipment available so that they can provide the safest and most comprehensive service to our customers. Because safety is one of Affirm's core values, every employee must undergo appropriate training to give them the capacity to safely manage ongoing field operations.
